

Smart POE Switch

8 Port POE Switch

SPECIFICATIONS

POE Switch	
Model No	AE-IPOES8P
Power Adapter Voltage	AC 110V - 240V
Network Port	1 - 8 Port : 10 / 100 Mbps / Uplink 10 / 100 Mbps
Transmission Distance	1 - 8 Port : 100 Mbps 0 - 100 M : 10 Mbps : 0 - 250 M
Transmission Medium	Cat 5 / 5e / 6 Standard Network Cable
Network Standard	IEEE802.3/802.3u, IEEE802.3x, IEEE802.ab
Switch Capacity	2.0 Gbps
Port Function	Power Priority Mechanism, fast and forward MAC automatic learning
LED Indicator	LINK / ACT. 100Mbps, POE Status Indicator, Power Indicator Extender
Working Temperature	0°C - 55°C
Relative Humidity	20 - 95%
Storage Temperature	-20°C - 70°C

COMMON FEATURES

- Support POE IP Cameras, POE WIFI AP, & IP Phones.
- Fluid Control : Full - Duplex : IEEE802.3X.
- One Key Smart : Support Two Kinds Of Working Modes
100 Meter POE, Extended 250 Meter VLAN Mode.
- All Ports Support Wire Speed Switching, Jumbo Frame
- Transmission.
- Support Upstream Ports Lightning Protection.
- Dynamic Power Control To Ensure Stable Output Power.
